\* 🍂 Winter Fall    ☀️ Spring - Fall

\*Special Inks requires previous look at the art to quote.  
\*If a printing's size is label size (3x4 inch) and it is only 1 color, it will be quoted as a label regardless of where is printed.

# Sample Policy

We understand sometimes you will need to show your customers a physical sample before deciding on the amount of the whole Purchase Order. Now, we normally use digital samples instead of physical samples in order to accelerate production time; if you wish to have a physical sample instead, this would increase the lead time on production.

There are 3 ways to get physical samples depending on your needs:

## 1 Sample packages

### 1 **Standard sample package:** \$150

This sample package includes:

- + 4 printed tees.**
- + 11 scale sized tees** with the different types of washes and prints we offer.

### 2 **Seasonal sample package:** \$200

This sample package includes:

- + 7 season styles**
- + 11 scale sized tees** with the different types of washes and printing techniques we offer.

### 3 **Basic sample package:** \$350

This sample package includes:

- + All 24 of our basic styles**
- + 11 scale sized tees** with the different types of washes and printing techniques we offer.

### 5 **Customized sample package:**

**Total cost of your chosen samples.**

**+**

**\$100 (shipping and handling)**

Customized sample prices depend on the quantity and type of garment style ordered, we charge \$10 per tee and \$20 per sweatshirt.

### 4 **Complete sample package:** \$450

This sample package includes all of the styles currently offered by Civvy (The fusion of both the the **basic sample package** and the **seasonal sample package**)

## 2 Customized samples using our Tees

Physical samples:

**\$120 + (\$10 x number of replicas)**

Physical samples are \$120 per design; this means a finished garment with the artwork, body style, wash and any other specification you selected. If you order more than 1 sample of the same design, it will be charged at \$10 extra per replica. If you proceed with the production order of a designed sample, the price paid for the sample of that design (\$120) will be deducted from production cost (not replicas).

## 3 Development of your own Tee

**Customized fit sample package: \$300**

If you wish to get a sample of your own customized Tee, we will send you a breakdown from sizes S to 2XL plus \$50 each for any additional breakdowns. If you proceed with the production of a customized fit, the price paid for the sample of that design (\$300+additional breakdowns) will be deducted from production cost (not replicas).
